

<p>TITLE: Advancing Equity Through Education and Research</p>
<p>Question 1: Have you had a fellowship or grant recipient speak in your community? If so, how did that add to your programming, fundraising, and membership goals?</p>
<p>Question 2: What are ways that your state or branch has promoted the fellowships and grants programs among the states and branches, local colleges and universities, and/or the media? Please comment on the successes and challenges of this outreach.</p>
<p>Question 3: Have you used any of the international connections or resources that AAUW has to offer? If so, how? If not, how do you think they could be useful to your AAUW work?</p>
<p>Question 4: Has your state or branch sponsored a student to attend the National Conference for College Women Student Leaders or contributed to the scholarship fund? If so, how did you organize the fundraising and identification of young women to attend? Are there other ways that you have tried to support young women’s leadership development in your community? If yes, what were the lessons and challenges?</p>

TITLE: Advancing Equity Through Education and Research

Question 5: What challenges will you have in applying what you have learned to your branch, state, or national work?

Question 6: What help or support do you need to apply this information or these skills?

Question 7: What is the most significant thing you learned in this session?

Question 8: What do you want to start doing more of? less of? continue doing?

Additional questions:

Have you used an AAUW research report as a part of any event, coalition work, or outreach in your community? If yes, how did you use the research and what do you recommend as effective strategies for the state and local level?

Do you participate in any STEM-related programs in your community? If so, what are they and how do you think they could benefit from being engaged with the National Girls Collaborative Project? If not, what would be useful about the resources of this project for your community?
